

NATIONAL SYMPOSIUM ON HYDROLOGY

DECEMBER 16-18, 1987

**PROCEEDINGS**  
**VOLUME - II**

NATIONAL INSTITUTE OF HYDROLOGY  
ROORKEE

SPONSORED BY

**High Level Technical Committee on Hydrology (HILTECH)**

CO-SPONSORED BY

**Indian Association of Hydrologists (IAH)**

**U. P. Irrigation Department**

ORGANISED BY

**National Institute of Hydrology, Roorkee-247 667 (U.P.)**

## CONTENTS

S.No.	AUTHOR(S)	TITLE	PAGE
<b>Theme - V : Groundwater and Conjunctive Use</b>			
1.	Ghosh, D.K.	Classification of Underground Water-A Hydro-geologic Approach	V-1
2.	Sundeeep, P.A. Nazimuddin, M. and Rajagopalan, S.P.	Groundwater Exploration and Development in the Vattulukki Tribal Farm in Attappady	V-7
3.	Chourasia, L.P.	Conjunctive Use of Surface and Groundwater in Chambal Command, M.P.	V-15
4.	Tandale, T.D.	Conjunctive Use of Groundwater and Canal Water in Basaltic Upland Area of Maharashtra	V-38
5.	Tyagi, K.C. Pillai, N.N. and Tyagi, N.K.	Ground Water Simulation for Planning Salinity Management	V-52
6.	Singh, S.R.	Unsteady Flow to a Well in Multiple Confined Aquifers	V-68
7.	Mishra, G.C.	Determination of Aquifer Recharge for Varying River Stages	V-90
8.	Laxminarayana, V. and Nagaraj, M.K,	Trade Off Between Accuracy and Grid Sizes in a Groundwater Management Model	V-108
9.	Prasad, P.M.R. and Rajagopalan, S.P.	Groundwater Induced Inundation in the Pandarethu Mines of Malabar Cements Limited	V-120
10.	Singh, Gurcharn	Correlation of unit Draft of Electric Tubewells and Irrigation Requirements of Crops in Selected Areas of Punjab-A Case Study	V-132
11.	Dhillon, G.S: Paul., D. and Mahinder Kumar	Use of Shallow Tubewells for Skimming and Anti Water Logging	V-137
12.	Naorem Achoubi D. and Kazmi, H.A.	Vertical Drainage for Reclamation of Saline Land	V-148

13. Chalisgaonkar, D.                      Ground Water Data Storage and Retrieval System.                      V-156  
 Jain, S.K.  
 and  
 Parida, B.P.

**Theme - VI : Hydrometeorology and Hydrologic Instrumentation**

1. Kumar, Virendra                      Experience with Nucleonic Snow Gauge                      VI-1
2. Adhikari, R.N.                      Fabrication, Testing and Evaluation of a Rainfall                      VI-6  
 Rao, M.S.R.M.                      Simulator  
 Chittaranjan, S.  
 and  
 James, E.V.
3. Singh, R.V.                      Design Requirements for Installation of Lysimeters                      VI-13
4. James, E.V.                      Fabrication, Testing and Evaluation of Bellary Type                      VI-22  
 and                      Water Level Recorder  
 Chittaranjan, S.
5. Dewan, B.N.                      Moisture Inflow Over India and its Contribution to                      VI-32  
 Subramanian, S.K.                      Rainfall during Normal, Good and Bad Monsoon  
 and                      years.  
 Dikshit, S.K.
6. Rakhecha, P.R.                      Use of 24 Hour Maximum Point Rainfall for                      VI-44  
 Kulkarni, A.K.                      Demarcating Homogeneous Rainfall Zones in India  
 Mandal, B.N.  
 and  
 Deshpande, N.R.
7. Sridharan, S.                      Occurrence of Heavy Rain Episodes Over Madras                      VI-54  
 and  
 Sivaramakrishnan, T.R.
8. Janakiraman, S.                      A Comparative Study of Rainfall Simulation Using                      VI-60  
 Venugopal, K.                      Transitional Probability Matrix Methods  
 and  
 Sakthivadivel, R.
9. Mohan, M.                      Generation of Multistation Daily Rainfall Data for                      VI-75  
 Verma, S.C.                      Yield Studies in Beas Catchment  
 Singh, Ranvir,  
 and  
 Seth, S.M.
10. Guha, M.K.                      A Hydrological Aspect on Crop                      VI-85

### Theme - VII : Water Resources System

- |    |  |  |        |
|----|--|--|--------|
| 1. | Venugopal, K.<br>Sivagnavelu, S.<br>Raghavendran, R.<br>and<br>Sakthivadivel, R. | Reservoir Operating Rule for Narmadasagar-<br>Dynamic Programming Approach                 | VII-1  |
| 2. | Nanda, J.N.  | Constrained Differential Dynamic Programming<br>Applied to Multireservoir Control Problems |        |
| 3. | Jain, S.K.   | On Regulation Regime Function of a Reservoir   | VII-27 |
| 4. | Achuthan, K.   | Integrated Water Management in Urban Areas-<br>Benefits                                    | VII-31 |
| 5. | Sahu, S.K.<br>and<br>Sharma, S.D.  | Climatological Approach for Estimating Evapotran-<br>spiration of Upland Paddy             | VII-36 |
| 6. | Bhardwaj, S.P.   | Consumptive Use and Water Requirement of Cowpea  | VII-46 |

### Theme - VIII : Education and Training in Hydrology

- |    |                                     |  |         |
|----|-------------------------------------|--|---------|
| 1. | Seth, S.M.<br>and<br>Satish Chandra | Training of Hydrological Observers and Technicians-<br>Action Plan | VIII-1  |
| 2. | Sarin, K.C.                         | Need for on the Job Training for Irrigation Engineers              | VIII-9  |
| 3. | Sikka, A.K.<br>and<br>Bhatt, P.N.   | Training and Education in Watershed Management                     | VIII-15 |
