

WATER AVAILABILITY AND MANAGEMENT IN PUNJAB

Editors

**M. S. Rao
Suhas Khobragade
Bhishm Kumar
R. D. Singh**

**National Institute of Hydrology
Roorkee - 247 667 (Uttarakhand)**

December, 2010

Proceedings of the Regional Workshop on
“Water Availability and Management in Punjab”

- M. S. Rao, Suhas Khobragade, Bhishm Kumar and
R. D. Singh (Eds.)

CONTENTS

	Page No.
Foreword	iii
Preface	v
Acknowledgements	vii

THEME - I

Water Quality Assessment and Management

1. Determinants for Contamination Risk Zoning of Groundwater- A case study of an Industrial town of Punjab <i>G.S. Gill and Harish Arora</i>	1
2. Groundwater Quality Assessment near a Municipal Landfill of a Planned City of Punjab, India <i>Shakti Arora and Maninder Kaur Sidhu</i>	25
3. Assessment of the Water Quality of the Swan River Watershed <i>Venu and Madhuri Rishi</i>	33
4. Groundwater Quality Assessment and its Suitability for Drinking Purpose: A Case Study of Barnala Block, District Sangrur, Punjab, India <i>Venu and Madhuri Rishi</i>	41
5. Assessment of Groundwater Quality for Irrigation Purpose in Amritsar District, Punjab, India <i>J. Mahesh, G. Tamma Rao, L. Surinaidu, Y. Prasanthi, G.Ramesh, V.V.S. Gurunadha Rao and P.S. Acharya</i>	51
6. Assessment of Water Quality in Groundwater in Bist-Doab Region <i>M.S. Rao, A.K. Gupta, Gopal Krishan, Bhishm Kumar, Y.S. Rawat, Sanjay Marwah and Sushil Gupta</i>	59
7. Hydrochemical Evaluation of Groundwater Quality in Parts of District Patiala, Punjab, India in Relation to Agricultural Suitability <i>Nibedita Gosh, Madhuri S. Rishi, Renu Latha and Kamaldeep</i>	69

8. **Data Analysis for Characterization of Depleting Water Table and Water Quality in Central Punjab**
Shobha Ram, Pankaj Garg and Sudhir Kumar 77

THEME – II

Simulation and Modelling Studies in Punjab

1. **Soil Water Infiltration Model (SWIM) for Estimation of Groundwater Recharge in Ludhiana District, Punjab**
V.V.S. Gurunadha Rao, L. Surinaidu and K. Mahesh kumar 95
2. **Climate Variability Analysis on Flow Duration Curve of a Large Himalayan River**
Manohar Arora, Rakesh Kumar, R.D. Singh and Naresh Kumar 101
3. **Streamflow Modelling at Rampur, Satluj Basin, Punjab**
A.R. Senthil Kumar, S.D. Khobragade, Manohar Arora, R.D. Singh and R.K. Nema 109
4. **Simulation of Spatial Groundwater Behaviour in South-West Punjab**
A.K. Jain 123
5. **Simulation of Persistence of Pesticide Residues in Groundwater of Ludhiana and Muktsar Districts, Punjab**
V.V.S. Gurunadha Rao and L. Suriniadu 131
6. **Regional Groundwater Modelling of Central Punjab**
Sudhir Kumar, P.K. Majumdar and Kumkum Mishra 139

THEME - III

Water Management for Agriculture

1. **Agriculture Diversification for Sustainable Groundwater Use: A Case Study in the Moga District of Punjab, India**
Upali A. Amarasinghe, Bharat R. Sharma and Vladmir Smakhtin 157
2. **Geophysical studies for assessment of groundwater potential in Old Amritsar, Jalandhar, Ludhiana and Muktsar districts, Punjab**
L. Surinaidu, J. Mahesh, G. Padalunaidu, R. Rajesh, P.S. Acharya, V.S. Sharma and V.V.S. Gurunadha Rao 173

3.	Web based Groundwater Information System for Farmers & Policy Makers of Amritsar and Jalandhar districts, Punjab	
	<i>L. Surinaidu, M. Venkatarayudu, J. Mahesh, G. Tamma Rao, Y. Prasanthi and V.V.S. Gurunadha Rao</i>	181
4.	Inland Salinity Management Options for Punjab	
	<i>S. Dhar and S. Halder</i>	185
5.	Management of Irrigation Water through Tensiometer in Paddy- A case study in the Kapurthala district of Punjab	
	<i>Rajan Bhatt and Manoj Sharma</i>	199
6.	Farmer Field Demonstrations on Water Conservation Technologies in Hoshiarpur District of Punjab	
	<i>M.J. Singh</i>	207
7.	Assessment of Impact of Intensive Agriculture on Groundwater Regime in Ludhiana & Muktsar Districts, Punjab	
	<i>V.V.S. Gurunadha Rao</i>	213
8.	Annual and Seasonal Rainfall Trend over Different Districts of Punjab	
	<i>Vijay Kumar, Sharad K. Jain and Yatveer Singh</i>	223

THEME – IV

Applications of Modern techniques in Water Resources

1.	Technology Development for safe drinking water	
	<i>Shashikant Sadistap</i>	235
2.	Cloud seeding operations for draught mitigation	
	<i>B. Venkateswara Rao, B.V. S. Amathya</i>	239
3.	Technology options to enhance crop water productivity: An overview	
	<i>V.K. Arora and S.K. Jalota</i>	253
4.	Isotopic characteristics of water in Bist-Doab and their hydrological significance	
	<i>M. S. Rao, P. Purushothaman, Bhishm Kumar, Gopal Krishan, Y.S. Rawat, Vishal Gupta and Pankaj Garg</i>	261

5.	Network Design For Groundwater Monitoring – A Case Study From Amritsar District, Punjab	267
	<i>Sudhir Kumar, M.K. Upadhyay and Kumkum Mishra</i>	
6.	Estimation of Run-off Components from a High Altitude River, Indian Himalayas using Stable Isotope Tracers	279
	<i>D.K. Rao, R.A. Jani and S.K. Bhattacharya</i>	
7.	Snow And Glacier Melt Contribution in A Himalayan Basin	287
	<i>Sanjay K. Jain, L.N. Thakural and Anju Chaudhary</i>	
8.	Consequences of Ground Water Exploitation on Farmers of Semiarid Parts of Punjab- A case study of Moga district, Punjab	295
	<i>Sushil Gupta and Sanjay Marwah</i>	

THEME – V

Water Availability, Management and Regulation

1.	Water Management Issues for Punjab with Special Reference to Water Conservation and Rainwater Harvesting	305
	<i>K.P. Singh</i>	
2.	On-field Management Strategies for the Sustainability of Existing Water Resources in Punjab	309
	<i>A.K. Vashist</i>	
3.	Study of Draughts in two Districts of Punjab	316
	<i>D.S. Rathore, R.P. Pandey and Yatveer Singh</i>	
4.	Water Scarcity: Causes and Management in Punjab	323
	<i>S.S. Sandhu, S.S. Mahal, K.K. Vashisht and Maninder Singh</i>	
5.	Role of Water Conservation in Combating Scarcity of Water	331
	<i>Ritesh Jai, Sarbjit Singh Sooch and Satinder Kaur</i>	
6.	Water Conservation and Management in Crop Production	339
	<i>J.V. Tyagi, Rakesh Kumar and R.D. Singh</i>	
7.	Water Management for Food Security in Punjab	345
	<i>J.S. Samra and K.D. Sharma</i>	

8. Contribution of the Hydrology Project: Information for Future Management <i>Stephan Parsons and Mott MacDonald</i>	355
9. Integrated Water Resources Management : Issues and Challenges <i>SatinderKaur Khattrra, Urmila Gupta, Ritesh Jain and Anu Singh</i>	359
10. Water Resources Problems and Management in Perspective of Punjab (India) <i>R.K. Goyal and M.M. Rao</i>	365
11. Management Measures for Punjab Ground Water Resources <i>D.S. Cheema</i>	371
12. Geo-spatial Database and Conservation of Natural Resources by the People <i>M.S. Selvi, S. Saha, R.K. Sharma and S.N. Das</i>	375
13. Ground Water Level Fluctuations in White Bein Sub-basin-Bist Doab, Punjab (India)- Year 2002-2005 <i>Suman Bala, G.S. Gill and Naresh Tuli</i>	387
14. The Punjab Preservation of Subsoil Water Act: A Regulatory Mechanism for Saving Groundwater <i>Bharat R. Sharma, G.K. Ambili and B.S. Sidhu</i>	405
15. Punjab: Turning into Land of Dark Zones -Need of People's Movement for Water Conservation <i>Surinder Singh</i>	415
