ROORKEE-247 667, UTTARAKHAND

National Symposium  
on  
**CLIMATE CHANGE AND WATER  
RESOURCES IN INDIA  
(CCWRIN)**

November 18 - 19, 2009

# ABSTRACTS

*Organised by :*

Indian Association of Hydrologists, Roorkee  
at  
National Institute of Hydrology, Roorkee

# SPONSORERS

MINISTRY OF WATER RESOURCES

सत्यमेव जयते

MINISTRY OF EARTH SCIENCE

सत्यमेव जयते

COUNCIL OF SCIENTIFIC & INDUSTRIAL RESEARCH

NATIONAL THERMAL POWER CORPORATION

Organised by :

NATIONAL HYDRO POWER CORPORATION

DHI

Indian Association of Hydrologists, Roorkee

at

National Institute of Hydrology, Roorkee

# CONTENTS

## SESSION-I : CLIMATE CHANGE : APPRAISAL, IMPLICATION & MODELLING

1. Adequacy of six raingauges to monitor summer monsoon rainfall across India 1  
*Corresponding authors* : Nityannand Singh, N.A.Sontakke and H.N. Singh
2. Emission of green house gases from hydro power projects –A review 2  
*Corresponding authors* : Dr. S.K. Jain and Vijay kumar
3. Effect of climate change on ocean behaviour. 3  
*Corresponding authors* : M L Kansal, Dr. M.L Kansal,  
Dr. J.D. Agrawal and Bal Krishna
4. Status of Rainfall pattern and water table fluctuation in mining & industrial 5  
region of Anbgul-Talcher Coalfield, Orissa, India.  
*Corresponding authors* : Prasson Kr. Singh and Gurdeep Singh
5. Statistical Downscaling methods for assessing future rainfall using GCM output 7  
*Corresponding authors* : Sudhir Katkar, Amandeep Gupta and Subimal Ghosh
6. Climate change :future implications and strategies 9  
*Corresponding authors* : Ravi kiran and P.S..Bisth
7. Practical approach for designing of observation network of constituents of 10  
hydrological cycle In the context of climate change  
*Corresponding author* : A.K. Kharaya
8. Appraisal of climate change on water resources 11  
*Corresponding author* : Om prakesh Dubey
9. Changing of climatic conditions through global warming 12  
*Corresponding author* : Dr. Vinod Kumar
10. Climate change and risk management in North East India 14  
*Corresponding authors* : B.C.Patwary and Dr.C.K.Jain
11. A Study of variation in rainfall patterns around Dehradun, Uttarakhand 15  
*Corresponding authors* : Divya Dudeja and A.K. Biyani
12. Climate Change-forcing of groundwater recharge in arid-semi-arid regions : 17  
an insight from Rajasthan  
*Corresponding author* : S. Sinha-Roy
13. Communicating issues of climate change and water 19  
*Corresponding author* : Dr. I. Arul Aram

## SESSION - II : IMPACT OF CLIMATE CHANGE ON WATER RESOURCES

1. Impact of climate change on hydrologic regime of Mahanadi basin 21  
*Corresponding authors* : S.P. Agarwal, V.K. Dadhwal, Kwang and Praveen kumar
2. Impact of climate change on crop cultivation practices in MRBC 23  
Command Area, Gujarat  
*Corresponding authors* : H.V. Patel and S.D. Dhiman
3. Meteorological conditions associated with heavy rain event over Mumbai 25  
Region, India  
*Corresponding authors* : H.N. Singh, S.D. Bansod and Nityannand Singh
4. Trend Analysis of Meterological Data-A case study. 27  
*Corresponding authors* : Anil kumar lohani, Ashoke Bashshtha and Anita punia
6. Performance analysis of Pandoh reservoir under different climate scenarios 29  
*Corresponding authors* : M.K. Goel and S.K. Jain
6. Rainfall trends in Ganga-Brahmaputra- Meghna river basins of india 30  
*Corresponding authors* : Vijay Kumar and Sharad Kumar Jain
7. Variability and trends in temperature precipitation and runoff in a Himalayan basin 31  
*Corresponding authors* : Dr.S.K.Jain, Sharad k. jain and Ajanta Gowasmi
8. Potential impacts of climate change on south asian water resources 33  
and adaptation strategies  
*Corresponding authors* : N. K. Bhatnagar and A.K. Lohani
9. Effect of climate change on water resources of India 34  
*Corresponding authors* : Vikrama Pandey, R.P. Sharma and J.P. Singh
10. A study of climate change ,impacts and the Indian scenario 36  
*Corresponding authors* : Astha joshi, Richa sharma, Anil kumar lohani  
and Ashoke Bashishtha
11. Impacts of climate change on freshwater availability in India 38  
*Corresponding authors* : Aastha Gulati, Arun Rana and Wafa Singh
12. Sea Level Rise and Effect on Coastal Aquifer of the Piyali River of the Sundarbans 39  
*Corresponding authors* : Sujana Dhar, Subhasish Das and Assis Mazumdar

## SESSION - III : WATER QUALITY & ENVIRONMENTAL ASPECTS

1. Impact of Mansoon Rainfall on Dissolved Pollutants in Krishna river 41  
*Corresponding authors* : M. Chandra Ssekhar and N.V. Umamahesh
2. Elevated levels of nitrate in groundwaters of Bellandur area of Bangalore 42  
and associated health risks.  
*Corresponding authors* : Shankar B.S., Shivakumar N.D. and Dayananda Reddy K.L.
3. Phytoremediation: An ecological solution to clean- up environment 43  
*Corresponding authors* : Dr.C.K.Jain, N.C.Ghosh and B.C.Patwary

4.	Application of computer techniques for the determination of Hydrochemical facies <i>Corresponding authors</i> : Shankar B.S., Shivakumar N.D., Dayananda Reddy K.L.	45
5.	Assessment of low rainfall impact on the ground water level of 27 villages in Meerut (UP) Monsoon-2009 <i>Corresponding authors</i> : Ashok kumar, BP Dhyani, U P Singh. A P Singh	46
6.	Hydrogeochemistry of Chhota Shigri glacier, lahaul-sphitivalley and Himachal pradesh <i>Corresponding authors</i> : A.L.Ramanathan, Virendra Bhadur Singh, P.G. Jose, Paramanand Sharma, Anurag Linda, Manoj Kumar and Mohd. Farooq Azam	48
7.	Novel Biomaterial: Designing, characterization and Modifications for Decontamination of Metals from waste water – A Green Approach <i>Corresponding authors</i> : Pritee Goyal and Shalini Srivastava	50
8.	Suitability of coastal soil water for Brackishwater shrimp Culture along Udupi District, Karnataka state <i>Corresponding authors</i> : Vardaraju, S. hanumanthappa and B. Venkatesh	52
9.	Urbanization and its challenges to environment <i>Corresponding authors</i> : Ritesh Jain, Jaspal Singh and N. K. Khullar	54

#### **SESSION - IV : MODELING OF HYDROLOGICAL VARIABLES FOR WATER RESOURCES ASSESSMENT AND MANAGEMENT**

1.	Flood problem of Mahanadi basin: Issues and Measures <i>Corresponding authors</i> : A.K. Kar, A.K. Lohani, N. K .Goel and G.P. Roy	55
2.	Risk management for kosi river system for mitigationg the flood and utilization of its water resources <i>Corresponding authors</i> : V.K. Dwivedi and Timir Kant Bhaduri	56
3.	Spatial information system for water and associated resources <i>Corresponding authors</i> : D. Chalisgaonkar, D S Rathore, S K Jain, N Panigrahy, T Amhad	58
4.	Reservoir sedimentation Estimation using genetic programming technique <i>Corresponding authors</i> : Vaibhav Garg and V. Jothiprakash	60
5.	A Dynamic model for runoff estimation based on transfer function <i>Corresponding authors</i> : Pravendra Kumar and J.K. Singh	61
6.	Development of base flow indices for rivers of western ghats of Karnataka State <i>Corresponding authors</i> : Venkatesh B. and Chandarakumar S.	63
7.	Runoff forecasting based on adaptive mode approach <i>Corresponding authors</i> : PV Singh and J K Singh	65
8.	Analysis of potential evapotranspiration(PET)using ANN technique in eastern U.P. <i>Corresponding authors</i> : Rama mehta and Vipin kumar	66

- |     |   |    |
|-----|---|----|
| 9.  | Development of Insolation Assessment Equation for Estimation of Evaporation<br><i>Corresponding author</i> : M. Bardhan                             | 68 |
| 10. | Radial basis function Artificial Neural Network Rainfall-Runoff Model<br><i>Corresponding authors</i> : Avinash Agarwal, R. D. Singh and R. K. Nema | 69 |
| 11. | Study on relevance of climate change on incidence of floods and droughts<br><i>Corresponding author</i> : R.P. Pandey                               | 70 |
| 12. | Assesment of climate change impact on streamflow in the Chaliyar basin<br><i>Corresponding authors</i> : Raneesh. K.Y. and Santosh. G. Thampi       | 71 |

## **SESSION - V : WATER RESOURCES OF SNOW COVERED AND GLACIERISED BASIN**

- |    |  |    |
|----|--|----|
| 1. | Variation of melt water discharge of chhota sigri ,Chandra basin,<br>Himachal Pradesh<br><i>Corresponding authors</i> : Parmanand Sharma, Alagappan Ramanathan,<br>Pottakal George Jose and Anurag Mishra                                    | 73 |
| 2. | Study Of Glacial Lake Outburst Flood For Punatsangchhu Hydro<br>Electric Project, Bhutan<br><i>Corresponding authors</i> : Devendra Sharma, Bhagat Singh, M. Perumal<br>and N. N. Rai  | 75 |
| 3. | Definining 'Himayalan catchment' for better understandingof climate change<br>impact on Himalayan glaciers and river flows<br><i>Corresponding author</i> : Renoj j. Thayyen   | 76 |
| 4. | Snow and ice mapping in Bhagirathi basin up to Loharinag Pala using<br>remote sensing<br><i>Corresponding authors</i> : D.S. Rahore., M. Arora, R.D. Singh,<br>G. Gupta and A. Dheeman   | 78 |
| 5. | Temperature variability analysis of Gangotri glacier<br><i>Corresponding authors</i> : Naresh Kumar, Manohar Arora and Hukam Singh   | 80 |
| 6. | Evaluation of climate change impact on temperature, rainfall and discharge<br>in a rain, snow and glacier fed watershed in himachal pradesh<br><i>Corresponding authors</i> : Omvir Singh, Anil Beniwal, Milap C.Sharma and<br>Sanjeev Kumar | 81 |
| 7. | Climate change ,vulnerability and impact of climate change in mountain region<br><i>Corresponding authors</i> : Sanjay K. Jain and R D Singh   | 83 |
| 8. | Snow melt runoff and climate change studies in Manali Sub-Basin of Beas River,<br>India<br><i>Corresponding authors</i> : Praveen K. Thakur, S. P. Aggarwal and Yulia Radchenk   | 84 |
| 9. | Glaciers : present and future under changing climate<br><i>Corresponding authors</i> : Ravi Kiran and P.S. Bisth   | 86 |

## SESSION - VI : REMOTE SENSING AND GIS APPLICATIONS IN WATER RESOURCES

1. Application of RS & GIS techniques in artificial recharge 87  
*Corresponding authors* : Sampath Kumar M.C. and DR. N. Balasubramanya
2. Assessment of ground water resources in Suswa watershed, Derhadun District, UK, India 88  
*Corresponding authors* : S.R.Yadav, D.C. Singhal and Sudhir Kumar
3. Assessment of Sedimentation in Major Reservoirs of Hard Rock Terrain India 89  
*Corresponding author* : Dilip G. Durbude
4. Basin and river delineation using SRTM digital elevation model 90  
*Corresponding authors* : Rathore D.S., Sharad Kumar Jain, Yatveer ingh, P.K. Agarwal and Tanvveer ahmad
5. SPATIAL interpolation of Rainfall Data in Karnataka using GIS 92  
*Corresponding authors* : Dr. T.R. Jagadeesh
6. Long term variability in groundwater depth using Geographical Information System 93  
*Corresponding authors* : S K Goel, B S Chaudhary, Omvir Singh and G K Sethi
7. Application of isotopes in climate change study 95  
*Corresponding authors* : Dr. Bhishm Kumar and S.P. Rai
8. River channel changes of the brahmaputra in India using geospatial techniques 97  
*Corresponding authors* : Archana Sarkar, Nayan Sharma, R.D. Garg and Manjit Arora
9. Watershed prioritization of rambiara catchment of Jjhelum Basin using Goeinformatics 99  
*Corresponding author* : Dr. Abdul Qayyoom Dar
