

NATIONAL INSTITUTE OF HYDROLOGY, ROORKEE

Welcome to the NATIONAL INSTITUTE OF HYDROLOGY, the premier Institute in the area of hydrology and water resources in INDIA. The Institute has its Headquarters at Roorkee (Uttarakhand), four regional centres at Belgaum, Jammu, Kakinada and Sagar and two centres at Guwahati and Patna.

The Institute was established in 1978 as a research organization at Roorkee, India. Since inception, the Institute has carried out research studies covering almost all areas of hydrology, and has established contacts with national and international organizations of repute. The Institute is now well equipped to carry out computer, laboratory & field oriented studies with a team of 80 well qualified & trained scientists with excellent academic background and well equipped laboratories and facilities.

The Institute has actively participated in technology transfer activities. With these activities, over the years the Institute has positioned itself as the premier organization and centre of excellence for research & development in the area of hydrology in the country. **Director**, National Institute of Hydrology, Roorkee-247 667 (Uttarakhand).
