**Roorkee - 247 667, India**

For

**Uttarakhand Board of Technical Education**  
**Roorkee**

# LABORATORY MANUAL FOR HYDRAULICS

(for Diploma in Civil Engineering)

Dr. S. K. Mishra

Assistant Professor, WRDM  
Indian Institute of Technology, Roorkee

P. K. Agarwal

Principal Research Assistant  
National Institute of Hydrology, Roorkee

Akhilesh Verma

Deputy Secretary  
Uttarakhand Board of Technical Education, Roorkee

Designed By

**Water Resources Development & Management**  
**Indian Institute of Technology Roorkee**  
**Roorkee - 247 667, India**

For

**Uttarakhand Board of Technical Education**  
**Roorkee**

## CONTENTS

Certificate	(i)
Preface	(ii)
Acknowledgement	(iv)
List of Experiments	(v)
1. Verification of Bernoulli's Theorem	1-14
2. Determination of Venturimeter coefficient	15-24
3. Determination of coefficients of orifice ( $C_v$ , $C_d$ , and $C_c$ )	25-34
4. Reynolds Experiment	35-42
5. Determination of losses at conduit transitions	43-50
6. Determination of Darcy-Weisbach coefficient of friction	51-60
7. Determination of velocity of flow of an open channel by using a current meter	61-68
8. Determine of coefficient of discharge of a rectangular/ triangular notch	69-78
9. Functioning of Reciprocating pumps or centrifugal pumps	79-88
10. Impulse or reaction turbine	89-96
11. Pressure gauges and mechanical flow meters	97-104
Appendix – A Units and fluid properties	105-106
Appendix – B Conversion of units	107-112
