

**International Symposium
on
Hydrology of Mountainous Areas**

*28-30 May, 1992,
Shimla (India)*

PROCEEDINGS

Organised by
NATIONAL INSTITUTE OF HYDROLOGY
ROORKEE - 247667 INDIA

Sponsored by
United Nations Educational, Scientific and
Cultural Organisation

Cosponsored by
International Water Resources Association

CONTENTS

FOREWORD	(i)
CONTENTS	(iii)
INAUGURAL FUNCTION	
PHOTOGRAPHS	
Welcome Address by Dr. Satish Chandra, Director, NIH	(ix)
Presidential Address by Sri Kishori Lal, Minister for Industries, Govt. of Himachal Pradesh	(xiii)
Inaugural Address by Hon'able Vidyacharan Shukla, Union Minister for Water Resources, Govt. of India	(xvii)
1. HYDROMETEOROLOGY	
General Reporter's Report	
Determination of Precipitation Gradients in Mountains L. Molnar, F. Kubjatko (Czechoslovakia)	1
Evapotranspiration in the Tatra Mountains in Central Europe P. Miklanek (Czechoslovakia)	9
Temporal Variation of Rainfall and Temperature in the Ganga Basin U.C. Kothyari (India), V.P. Singh (USA)	13
Hydrometeorological Aspects of September 1988 Storm Over Western Himalayas K.S. Ramasastri (India)	29
Mountainous Convective Storm Rainfall Model: Hydrological Applications Vicente L. Lopes, Martin M. Fogel (USA)	39
2. MEASUREMENT TECHNIQUES AND NETWORK DESIGN FOR MOUNTAINOUS AREAS	
General Reporter's Report	49
Some Remarks to Precipitation Measurements in Mountains L. Holko (Czechoslovakia)	53

Reasons and Limitations of Transpiration Measurements in Mountainous Areas L. Molnar, I. Meszaros, A. Konicek (Czechoslovakia)	59
Automated Estimation of Snow Cover Parameters and Meteorological Quantities in Mountainous Regions for Hydrological Purposes. I.A. Kanaev (Uzbekistan)	67
Discharge Measurement of River Teesta in Sikkim Using Tracer Dilution Technique Bhishm Kumar, S.V. Navada, Rajan Vatsa (India)	73
Instrumentation & Measurement Techniques for the Study of Water Equivalent of Snow and Snow Pack and Glacier Using Isotope Techniques Bhishm Kumar, A. K. Dwivedi (India)	87
Capabilities of an Advanced Data Acquisition System for Mountainous Regions V.C. Goyal and A.K. Dwivedi (India)	109
 3. MODELLING OF SNOW AND GLACIER MELT	
General Reporter's Report	121
Large-scale Mathematical Simulation of Snow Life in Mountains A.A. Isaev (Uzbekistan)	123
Snowpack Dynamics in Mountains Area Research Finding in the South Western United States Peter F. Ffolliott (USA)	129
Short Term Glacio-Hydrological Relationships and their Effect on the Water Balance in a Glacierised Basin M.R. Bhutiyan (India)	141
Computation and Reconstruction of the Mass Balance and Glacier Runoff in the Akshiyak Glacier System : Tien Shan V.N. Mikhalenko (Russia)	147
Snow Hydrology Project (UNDP) in Yamuna Basin - An Overview S.S. Iyer (India)	165
Integration of Remotely Sensed Data, Meteorological Parameters & Topographical Details in Snowmelt-Runoff Modelling Anjani K. Tangri & Sudhakar Shukla (India)	171
Characteristics of Himalayan Glaciers M. S. Dhanju (India)	191

Watershed Modelling in the Himalayan Region M. C. Quick (<i>Canada</i>) and P. Singh (<i>India</i>)	201
--	-----

4. SEDIMENTATION PROCESSES AND ENVIRONMENTAL ASPECTS

General Reporter's Report	231
Hydrologic Responses of a Himalayan Pine Forest Micro Watersheds Preliminary Results J.S. Rawat, M.J. Haigh, M.S. Rawat (<i>India</i>)	235
Sedimentation Study of Reservoir for Baglihar HE Project S.P. Sen, Shankaracharya (<i>India</i>)	259
Glacio Fluvial Sediment Transfer from Chhota-Shigri Glacier (HP) Syed Iqbal Hasnain (<i>India</i>)	273
Chemical and Sediment Load Characteristics of Chandra River, Lahaul Valley, H.P. (<i>India</i>) A. Rama Raju, S.I. Hasnain (<i>India</i>)	285
Study of Chemical Characteristics of the Water of Naukuchia Tal - A Central Himalayan Lake Kireet Kumar, D.S. Rawat, Ranjan Joshi (<i>India</i>)	297
Hydrology of Pookot Lake Ecosystem of Western Ghats Region E.J. James, V. Padmini (<i>India</i>)	305

5. MODELLING OF HYDROLOGICAL PROCESSES IN MOUNTAINOUS AREA I

General Reporter's Report	311
Hydrological and Multiple Resource Simulation Models : Applications in Mountainous Areas Peter Ffolliott (<i>USA</i>)	315
Accuracy of Hydrodynamic Models of Free Surface Flows V.P. Singh (<i>USA</i>)	331
Geomorphology of Kolar Sub-Basin R.D. Singh, Vibha Jain (<i>India</i>)	353
Mathematical Modelling of Mountainous River Basins - A Case Study in South India L.C. Kandasamy, E.J. James, H. Suresh Rao, K. Elango (<i>India</i>)	375

6. MODELLING OF HYDROLOGICAL PROCESSES IN MOUNTAINOUS AREA II

General Reporter's Report	389
Long Term Forecasting of Mountainous Rivers Runoff on the Base of Mathematical Models L.N. Borovikova, N.A. Agaltseva, A.V. Pak (<i>Uzbekistan</i>)	391
A Finite Element Model for River Flow Simulation M.Mozzammel Hoque (<i>Bangladesh</i>)	403
Linear Perturbation Rainfall-Runoff Model for Western Ghats Basins E.J. James, K.E. Sreedharan, S.G. Mayya, G. Gowde (<i>India</i>)	419
Hydrological Behaviour of a Mini Agricultural Watershed in a High Rainfall Area of the Himalayan Region Rajinder Kumar (<i>India</i>)	429
A Variable Source Area Watershed Model for Western Ghats R. Yadupathi Putty, Rama Prasad (<i>India</i>)	439
Sensitivity Study of a Distributed Model for Mountainous Catchment R.D. Singh, S.M. Seth (<i>India</i>)	451

7. MANAGEMENT OF FLOODS

General Reporter's Report	471
Rainfall-Runoff Study of Vamshadhara Basin for Improved Flood Forecasting C.S. Sastry (<i>India</i>)	477
Kinematic Wave Modelling: Where do we go from here? V.M. Ponce (<i>USA</i>)	485
A Model on Reservoir to Reservoir Routing and Estimation of Net Discharge from Reservoirs G.C. Basu (<i>India</i>)	497
Assessment of Design Flood Peaks for Rongai Barrage in Meghalaya P.R. Rao (<i>India</i>)	509
Estimation of Design Inflow Flood for Existing Reservoirs - Case Study of Linganamakki Reservoir P.R. Mallikarjuna, H.B. Sathish Kumar, S. Radhakrishna (<i>India</i>)	519
Real-time Flood Forecasting- A Case Study for a Small Basin S.K. Jain (<i>India</i>)	533

Reservoir Operation Using Stretched Thread Rule S.K. Jain, M.K. Goel (<i>India</i>)	543
Simulation of Flood Flows in a Mountainous Catchment in Western Ghats M.K. Jain, K.S. Ramasastrri (<i>India</i>)	551
Flood Frequency Estimates for Sub-Himalayan Region by Regional Flood Frequency Approach Rakesh Kumar and R.D. Singh (<i>India</i>)	567
8. GROUND WATER AND SPRINGS	
General Reporter's Report	597
Aquifer Characteristics in Karst Topography M.V. Somasundram (<i>India</i>), S.Thayumanavan, Engkus Supardi (<i>Indonesia</i>)	599
Ground Water in Mountainous Area and Forest Vegetation R.M. Singhal, S.P. Pant (<i>India</i>)	603
Hydrologic Study of Springs A.K. Bhar, G.C. Mishra (<i>India</i>)	609
Modelling the Seepage from a Lake Using 3D Groundwater Model S.K. Singh (<i>India</i>)	625
