

**TENTH NATIONAL SYMPOSIUM
ON
HYDROLOGY**

With Focal Theme on Urban Hydrology

**18th & 19th July, 2000
New Delhi**

Organised by

Indian Association of Hydrologists, Roorkee

Co-organised by

National Institute of Hydrology, Roorkee

Central Water Commission, New Delhi

Central Soil and Material Research Station, New Delhi

TENTH NATIONAL SYMPOSIUM

ON

HYDROLOGY

With Focal Theme on Urban Hydrology

18th & 19th July, 2000

New Delhi

Organised by

Indian Association of Hydrologists, Roorkee

Co-organised by

National Institute of Hydrology, Roorkee

Central Water Commission, New Delhi

Central Soil and Material Research Station, New Delhi

List of Sponsorers

1. Indian National Committee on Hydrology (INCOH)
2. Housing and Urban Development Corporation (HUDCO)
3. Sardar Sarovar Construction Advisory Committee (SSCAC)
4. Water and Power Consultancy Service (WAPCOS)
5. Narmada Control Authority (NCA)
6. Ministry of Urban Development (MOUD)
7. Central Ground Water Board (CGWB), New Delhi

CONTENTS

TECHNICAL SESSION - I

Theme : Urban Hydrology : Urban Climate, Flooding and Drainage

1. Urban flooding and drainage 1 - 6
Dr Subhash Chander (Theme paper)
2. Storm water drainage of Delhi 7 - 26
P.K. Chatterjee, T.S. Bhatija
3. Two-dimensional modelling of overland flow urban catchment 27 - 35
Vivekanand Singh, P. K. Mohapatra
4. Impact of urban developments along Panvel Creek on the flood levels 36 - 47
D. N. Deshmukh and S. B. Kulkarni
5. Study of effect of change of climate on rainfall over an urbanised coastal city 48 - 53
K. S. Ramasastri
6. Hydrological modeling of an urban watershed 54 - 60
Guwahati city drainage – A case study
Paresh Deka and V.Chandramouli
7. Status of development in urban hydrology 61 - 70
Vivekanand Singh, Pratap Singh and S. M. Seth

TECHNICAL SESSION - II

Theme : Urban Water Management

8. Sustainable development of water resources in urban areas 71 - 82
V. Suresh
9. Urban water management-demand and supply water conservation through rain water harvesting 83 - 90
R. Sethuraman
10. Urban water supply – A major challenge to India 91 - 96
R. P. Agrawal, N. Zaidi
11. Urban Water management - A case study in Bharpur Town, Ganjam Dist. Orissa 97 - 105
M. Panda, P. Ray

12. Environmentally compatible groundwater management in urban agglomeration of Ganga basin 106 - 119
D. K. Chadha, J. N. Rai and B. C. Joshi
13. On channel recharge on Najafgarh Drain in Delhi 120 - 127
Suresh Kumar Rohilla
14. Storm and wastewater renovation and reuse in urban areas exploring soil aquifer-system: Akshaydhara concept 128 - 139
Shalini Srivastava, S. K. Gupta
15. Impact of urbanisation on groundwater regime - precipitation on urban development plan for the management and regulation of water resources of Lucknow Metropolis - U.P 140 - 148
Kalpana Arun
16. Groundwater recharge by roof top rainwater harvesting for augmenting water supply in Bhopal city, Madhya Pradesh 149 - 155
L.K. Mathur, Anu Radha Bhatia
17. Impact of urbanisation on ground water regime in Vishakhapatnam Urban area, Andhra Pradesh, India 156 - 164
Dr. P. N. Rao, Dr. Y. J. Pardhasaradhi
18. Rain water harvesting in twin cities of Hyderabad and Secundrabad-Evaluation, Improvements and campaign leading to peoples participation 165 - 174
P. B. Rao
19. Rainwater harvesting technology in Indian desert 175 - 184
M. A. Khan
20. Hilltop impounding reservoir for rain water harvesting - A case study from Garhwal Himalaya 185 - 198
H. C. Nainwal, C. Prasad
21. Feasibility of rain water harvesting in Mysore 199 - 204
M. R. Yadupathiputty, C. Reddy and Ravi Kumar U. N.
22. Rain water harvesting techniques 205 - 215
P. L. Annamalai and N. Sathyanarayana
23. Rain water harvesting in CSMRS Complex 216 - 224
S. S. Brar, Shiva Kumar, G. K. Vijn and K.Venkatachalam

TECHNICAL SESSION - III
Theme : Hydrological Modelling

- | | | |
|-----|--|-----------|
| 24. | River flow forecasting using multivariate time series modelling
<i>K. P. Sudheer, A. K. Gosain, K. S. Ramasastri</i> | 225 - 236 |
| 25. | Flood forecasting and warning system for back water affected areas of Sardar Sarovar Projects
<i>N. K. Bhandari and A. K. Mahana</i> | 237 - 248 |
| 26. | Estimation of maximum 1-day point rainfall for the Krishna basin using Nomogram method
<i>A. K. Kulkarni, B. N. Mandal, R. B. Sangam, H. N. Singh</i> | 249 - 255 |
| 27. | Occurrences of droughts and floods associated with rainfall pattern of India
<i>H. P. Das</i> | 256 - 264 |
| 28. | Rainfall-Runoff relationship for different degree and length of slopes in small catchments
<i>S. K. Nalatwadmath, M. S. R. M. Rao, S. Chittaranjan, N. S. Jayaram, R. N. Adhikari, V. Husenappa</i> | 265 - 275 |
| 29. | Effect of surface mulch cover and stone barrier on runoff and soil loss under simulated condition
<i>R. N. Adhikari, M. S. R. M. Rao, V. Husenappa</i> | 276 - 287 |
| 30. | Determination of hydraulic conductivity using geophysical parameters in a ditch drainage system
<i>S. Kumar, H. C. Sharma, V. Kumar</i> | 288 - 297 |
| 31. | Study of percolation ponds for artificial recharge : Development of chloride mass balance method
<i>B. S. Sukija, D. V. Reddy, P. Nagabhushanam, M. V. Nanda Kumar</i> | 298 - 307 |
| 32. | Simulation of an inland delta aquifer system to evolve free-management scheme - A case study in Okavango Delta, Botswana
<i>M. Thangarajan, M. Masie, T. Rana</i> | 308 - 340 |
| 33. | Isotope study to investigate water seepage in the basement in some parts of Jodhpur city
<i>U. K. Sinha, A. R. Nair, S. V. Navada</i> | 341 - 346 |
| 34. | Radial collector wells: Some insight into factors controlling yield and capture zone
<i>N. Kapur, S. K. Gupta</i> | 347 - 358 |

35. Delineation of contaminated zone through electrical image technique : A case study near Dindigul, Tamilnadu 359 - 368
R. Barker, T. Venkateswara Rao, M. Thangarajan

36. P.C. based information base for local administration in drought analysis and mitigation - A case study from Deccan plateau India 369 - 386
R. Nagarajan

TECHNICAL SESSION - IV

Theme : Wastewater Disposal and Water Pollution

37. Assessment of impact on surface and ground water quality due to community toilet - A case study 387 - 401
N.G. Shrivastava

38. Water harvesting, pollution and management in urban areas 402 - 416
Ramakar Jha, K. K. S. Bhatia, T. S. Sapra, P. K. Garg, M. Arora

39. Modelling groundwater pollution due to fluoride contaminated irrigation water 417 - 427
S. Patra, R.K. Panda, S. Tripathy

40. Ground water pollution in urban areas and its effect on groundwater regime. 428 - 439
D. K. Chadha, S. R. Tamta

41. Evaluation of ground water quality in coastal city - A case study 440 - 448
Y. R. Stayaji Rao, T. Vijay, K. S. Ramasastry

42. Ground Water quality in Hyderabad city Andhra Pradesh, India 449 - 457
G.R.C. Reddy, G.M. Reddy

43. An environmental outlook of the hydro-geochemistry of the Brahmaputra river system 458 - 472
C. Mahanta, V. Subramanian

44. Ground Water quality of greater Guwahati in Assam with special reference to physical and redox parameters 473 - 485
S. R. Kumar and B. C. Patwary

45. Impact of urbanization on the water resources and their management in Pondicherry 486 - 495
S. A. Abbasi, K. B. Chari and E. V. Ramasamy

TECHNICAL SESSION - V

Theme : Remote Sensing for Reservoir Sedimentation

46. Assessment of sedimentation in a reservoir using remote sensing - some case studies 497 - 508
M. K. Goel, Sharad K. Jain, Sanjay K. Jain, P. K. Agarwal
47. Remote sensing applications in reservoir sedimentation - A case study of Sriram sagar reservoir 509 - 522
K. K. Agarwal, C. K. Agarwal, Praveen Kumar
48. Sedimentation study of Tawa reservoir through remote sensing 523 - 532
K. Chandrasekar, A. T. Jeyaseelan, Jitendra Jain, A. K. Chakraborti
49. Analysis of catchment and reservoir for stage-area-capacity estimation using remote sensing and GIS 533 - 541
R. V. Bothale, J. R. Sharma, S. Adiga
