# ***CONTENTS***

| <b>Module</b> |  | <b>Page</b> |
|---------------|--|-------------|
| <b>1</b>      | <b>BASICS OF GROUNDWATER</b>                                   |             |
|               | <b>UNIT-1</b>  | 1-18        |
|               | ● System Concept   |             |
|               | ● Groundwater System   |             |
|               | ● Aquifers   |             |
|               | ● Anisotropy   |             |
|               | ● Constitutive Equations for Groundwater Flow                  |             |
|               | ● Groundwater Flow Models                                      |             |
|               | ● Current Methods of Groundwater assessment in the Country     |             |
|               | <b>UNIT-2</b>  | 1-29        |
|               | ● Groundwater Balance-Concept and Approach                     |             |
|               | ● Regional Aquifer Simulation Models-Concept and Need          |             |
| <b>2</b>      | <b>HYDROLOGICAL DATA AND ITS CHARACTERISTICS</b>               | 1-39        |
|               | ● Introduction   |             |
|               | ● General Data Requirement for Hydrological Studies            |             |
|               | ● Data Formats   |             |
|               | ● Important Hydrological Variables and their Characteristics   |             |
|               | ● Station Description of Data                                  |             |
|               | ● Maps and Atlas   |             |
|               | ● Sources of Errors in Hydrological Data                       |             |
|               | ● Kinds of Errors  |             |
|               | ● Concluding Remarks   |             |
| <b>3</b>      | <b>HYDROLOGICAL DATA AND ITS MANAGEMENT</b>                    | 1-31        |
|               | ● Introduction   |             |
|               | ● Hydrological Problems  |             |
|               | ● General Data Requirements for Hydrological Studies           |             |
|               | ● Characteristics of Hydrology Related Data                    |             |
|               | ● Data Base Management System                                  |             |
|               | ● Computerised Storage and Retrieval Systems in India-A Status |             |
|               | ● Integrated Data Base Management System                       |             |
|               | ● Concluding Remarks   |             |

|          |  |      |
|----------|--|------|
| <b>4</b> | <b>FUNDAMENTALS OF COMPUTER HARDWARE</b>   | 1-11 |
|          | <ul style="list-style-type: none"> <li>● Introduction</li> <li>● Software</li> <li>● Hardware</li> <li>● Personal Computer</li> <li>● Multi-Media PC</li> <li>● Performance Indices of a Computer</li> <li>● Useful Hints Regarding Use of PCs</li> </ul>  |      |
| <b>5</b> | <b>OPERATING SYSTEM AND FILE EDITORS</b>   | 1-42 |
|          | <ul style="list-style-type: none"> <li>● MS-DOS Operating System</li> <li>● MS Windows</li> <li>● MS-DOS Editor</li> <li>● NORTON Editor</li> </ul>  |      |
| <b>6</b> | <b>GENERAL PURPOSE SOFTWARE</b>  |      |
|          | <b>UNIT-1</b>  | 1-18 |
|          | <ul style="list-style-type: none"> <li>● GRAPHER</li> </ul>  |      |
|          | <b>UNIT-2</b>  | 1-16 |
|          | <ul style="list-style-type: none"> <li>● SURFER</li> </ul>   |      |
| <b>7</b> | <b>DATA MANAGEMENT WITH dBASE</b>  | 1-11 |
|          | <ul style="list-style-type: none"> <li>● Introduction</li> <li>● Features of dBase</li> <li>● How to Use dBase</li> <li>● To Create the Data Structure</li> <li>● Selecting and Deselecting A Database</li> <li>● Adding Data in Selected Database</li> <li>● Defining Function Keys</li> <li>● To Move Pointer to A Particular Record</li> <li>● Modifying A Data File</li> <li>● Deleting and Undeleting Records</li> <li>● Searching and Location Records</li> <li>● Managing Numbers in A Database</li> <li>● Date Functions</li> <li>● String Handling Functions</li> <li>● Sorting and Indexing</li> </ul> |      |
| <b>8</b> | <b>GROUNDWATER DATA BASE &amp; GROUNDWATER MAPS</b>  | 1-36 |
|          | <ul style="list-style-type: none"> <li>● Groundwater Data</li> <li>● Groundwater Maps</li> </ul>   |      |
